

Systematic Study of Ethylene-Vinyl Acetate (EVA) in the Manufacturing of Protector Devices for the Orofacial System

Reinaldo Brito e Dias¹, Neide Pena Coto¹,
Gilmar Ferreira Batalha² and Larissa Diemeier²

1 School of Dentistry, University of São Paulo, Sao Paulo, Brazil

2 School of Engineering, University of São Paulo, Sao Paulo, Brazil

Corrigendum to: Brito e Dias R, Pena Coto N, Ferreira Batalha G, Diemeier L. Systematic Study of Ethylene-Vinyl Acetate (EVA) in the Manufacturing of Protector Devices for the Orofacial System. In: Dobrzański LA, editor. Biomaterials in Regenerative Medicine. Rijeka: InTech; 2018. pp. 319-340. DOI: 10.5772/intechopen.69969

The publisher is correcting [1] following an author's request.

In Section 1. Introduction on pages 320 and 321, at the end of section the authors wish to add reference information [44]. In the reference list of the original book chapter will be added:

[44] Dias RB, Coto NP, Batalha GF, Diemeier L. Systematic study of Ethylene-Vinyl Acetate (EVA) in the manufacturing of protector devices for the orofacial system. Archives of Materials Science and Engineering. 2017 Jul; 86 (1): 24-31

This corrigendum is published in agreement with the chapter's authors.

The publisher and the authors regret any inconvenience this might have caused to the readership.
