Corrigendum to: Shariati N, Zachariah D, Karlsson J, Bengtsson M. Robust Optimal Power Distribution for Hyperthermia Cancer Treatment. In: Farhadi H, editor. Medical Internet of Things (m-IoT) – Enabling Technologies and Emerging Applications. London: IntechOpen; 2019. pp. 55-70. DOI: 10.5772/intechopen.73281

The publisher is correcting [1] following an authors' request.

An error occurred with regard to the authors' affiliations.

By publishing this corrigendum the publisher is correcting authors' affiliations:

Nafiseh Shariati
Ericsson Research, Stockholm, Sweden

Dave Zachariah
Department of Information Technology, Division of Systems and Control, Uppsala University, Uppsala, Sweden

Johan Karlsson
Department of Mathematics, KTH Royal Institute of Technology, Stockholm, Sweden

Mats Bengtsson
Division of Information Science and Engineering, KTH Royal Institute of Technology, Stockholm, Sweden

Changes have been made in online and print versions of the chapter.

This corrigendum is published in agreement with the authors.

The publisher regrets any inconvenience this might have caused to the readership.
